First time here? For full access to this site, you first need to creat Create Account	e an account.

4. Log in or register

**NOTE:** TePau have moved their courseware to a new platform. If you have not been to the learning since then, you will need to **register again** -your old details <u>will not work</u>.

Remember, if you are registering, you will need access to your email account in order to confirm your registration. If you have a Ramsay email, please use that.

## Accessing and completing the **Health of Nation Outcome Scales** MyLearning requirement

7. Click the **e-learning link**.

## Accessing and completing the **Health of Nation Outcome Scales** MyLearning requirement

- 8. Be aware, there are **two** menus in this screen
  - a. the one at very top of the page is for Te Pou's platform
  - b. the one under the Vignettes banner is for the HoNOS case study learning. This is the one you want.

- 9. Open the Vignettes menu and choose a case study
- 10. If you are returning from a previous session, whatever course you were in will load *even if you completed it*. Choose another from the list in the Vignettes menu.
- 11. Once you have undertaken a minimum of **any 3 cases**, take a screenshot of this menu, save it, and upload it to your MyLearning requirement. **NOTE:** This is the preferred way to provide evidence but if you are having difficulty doing this, you can contact <u>MyLearning Support</u> for assistance.
